

# Safeguarding & Child Protection Procedures

## **Purpose and aim of the procedures –**

These procedures apply to everyone working at Buzzers Academies Ltd who has contact with children and young people. This includes all sports coaches (employed & self-employed), tutors and volunteers, but it also involves administrators and office-based staff who encounter children and their families in a less direct fashion e.g. when registering children when they arrive for a school Club or holiday Camp.

## **A description of the different categories of abuse –**

Child abuse is any form of physical, emotional, or sexual mistreatment or lack of care that leads to injury or harm to a child or young person. It commonly occurs within a relationship of trust or responsibility and is an abuse of power or a breach of trust. Abuse can happen to a child/young person regardless of their age, gender, race, or ability. The most common types of abuse are physical, sexual, emotional, neglect, and bullying. The abuser may be a family member, someone the child/young person encounters in residential care or in the community, including sports and physical activities. Any individual may abuse or neglect a child/young person directly or may be responsible for abuse because they fail to prevent other people harming the child/young person. Abuse in all its forms can affect a child/young person at any age. The effects can be so damaging that if not treated, may follow the individual into adulthood. Children/young people with disabilities may be at increased risk of abuse through various factors such as stereotyping, prejudice, discrimination, isolation, and a powerlessness to protect themselves or adequately communicate that abuse has occurred or is occurring.

### **Physical abuse**

Where adults physically hurt or injure a child/young person e.g. hitting, shaking, throwing, poisoning, burning, biting, scalding, suffocating, and drowning. Giving children/young people alcohol or inappropriate drugs would also constitute child abuse. In a sport or performing arts situation, physical abuse may occur when the nature and intensity of training disregard the capacity of the child/young person's immature and growing body.

### **Sexual abuse**

This occurs when adults (male and female) use children/young people to meet their own sexual needs. This could include full sexual intercourse, masturbation, oral sex, anal intercourse, and fondling. Showing children/young people pornography or talking to them in a sexually explicit manner are also forms of sexual abuse. In sport or the performing arts, activities which might involve physical contact with children/young people, could potentially create situations where sexual abuse may go unnoticed. Also, the power of the coach over young athletes, if misused, may lead to abusive situations.

### **Emotional abuse**

The persistent emotional ill treatment of a child/young person, likely to cause severe and lasting adverse effects on the child/young person's emotional development. It may involve telling a child/young person they are useless, worthless, unloved, or inadequate. It may feature

**Registered address:** The Beechwood Centre, Unit 6, 40 Lower Gravel Road, Bromley, Kent, BR2 8GP

expectations of children/young people that are not appropriate to their age or development. It may cause a child/young person to be frightened or in danger by being constantly shouted at, threatened, or taunted which may make them frightened or withdrawn. In sport or the performing arts, this may occur when the child/young person is constantly criticised, given negative feedback, expected to perform at levels that are above their capability. Other forms of emotional abuse could take the form of name calling and bullying.

### **Neglect**

This occurs when an adult fails to meet the child/young person's basic physical and/or psychological needs, to an extent that is likely to result in serious impairment of the child/young person's health or development. Examples of this could be failing to provide adequate food, shelter, and clothing, failing to protect from physical harm or danger, or failing to ensure access to appropriate medical care or treatment. In sport or the performing arts, this could occur when a coach does not keep the child/young person safe or exposing them to undue cold/heat or unnecessary risk of injury.

### **Bullying**

This may come from another child/young person or an adult. Bullying is defined as deliberate hurtful behaviour, usually repeated over a period of time, where it is difficult for those bullied to defend themselves. There are four main types of bullying; *physical* (e.g. hitting, kicking, slapping), *verbal* (e.g. racist or homophobic remarks, name calling, graffiti, threats, abusive text messages and social media trolling), *emotional* (e.g. tormenting, ridiculing, humiliating, ignoring, isolating from the group), or *sexual* (e.g. unwanted physical contact or abusive comments). In sport or the performing arts, bullying may arise when a parent or coach pushes the child/young person too hard to succeed, or a rival athlete or official uses bullying behaviour.

### **How to recognise the signs of abuse –**

Even for those experienced in working with child abuse, it is not always easy to recognise a situation where abuse may occur or has already taken place. Most people are not experts in such recognition, but indications that a child/young person is being abused may include one or more of the following:

- Unexplained or suspicious injuries such as bruising, cuts or burns, particularly if situated on a part of the body not normally prone to such injuries.
- An injury for which an explanation seems inconsistent.
- The child/young person describes what appears to be an abusive act involving them.
- A child/young person or adult expresses concern about the welfare of another child/young person.
- Unexplained changes in a child/young person's behaviour e.g. becoming very upset, quiet, withdrawn, or displaying sudden outbursts of temper.
- Inappropriate sexual awareness or engaging in sexually explicit behaviour.
- Distrust of adults, particularly those whom a close relationship would normally be expected.
- Difficulty in making friends.
- Being prevented from socialising with others.
- Displaying variations in eating patterns, including overeating or loss of appetite.
- Losing weight for no apparent reason.
- Becoming increasingly dirty or unkempt.
- Over-tiredness.
- Suicidal threats or behaviours.
- Displaying frequent unexplained minor injuries.
- Behavioral changes such as reduced concentration and/or becoming withdrawn, clingy, depressed, tearful, emotionally up and down, an unusual reluctance to attend our lessons/clubs/camps.
- An unexplained drop-off in performance or involvement.

#### **BUZZERS ACADEMIES LTD**

**e:** [info@buzzers.org.uk](mailto:info@buzzers.org.uk) **w:** [www.buzzersacademies.co.uk](http://www.buzzersacademies.co.uk)

**Ofsted Registration:** EY2781195 **Company number:** 15284435

**Registered address:** The Beechwood Centre, Unit 6, 40 Lower Gravel Road, Bromley, Kent, BR2 8GP

- Physical signs such as stomach aches, headaches, difficulty in sleeping, bed wetting, scratching, and bruising, damaged clothes, bingeing e.g. on food, alcohol, or cigarettes.
- A shortage of money or frequent loss of possessions.

It must be recognised that the above list is not exhaustive, but also that the presence of one or more of the indications is not proof that abuse is taking place. It is NOT the responsibility of those working for Buzzers Academies to decide that child abuse is occurring. It is their responsibility to act on any concerns by reporting any incident to the company's Designated Safeguarding Lead (DSL) and Managing Director, as well as completing an 'Incident Report Form'.

### **How to respond to signs or suspicions of abuse –**

Buzzers Academies staff may become aware of possible abuse in various ways. Staff may see it happening, may suspect it happening because of signs that they have picked up on, or may have it reported by someone else or directly by the young person affected.

### **How to respond to allegations of abuse against a member of staff, another worker or volunteer –**

When an allegation is received, the member of staff being told, must tell the company's Designated Safeguarding Lead (DSL) immediately, and give them a copy of the written 'Incident Report Form'. If this allegation has been received within a school setting, then the School Safeguarding Officer must also be informed.

Depending on the situation, Buzzers Academies reserve the right to immediately suspend staff if it is deemed appropriate.

Any suspicion, allegation or incident should be reported to the company's Designated Safeguarding Lead (DSL) as soon as possible and recorded. It is the responsibility of the company DSL to inform the Local Authority Social Care Team without delay if deemed appropriate. Please refer to the information at the end of the policy on how to contact the Bromley LADO Team.

Where there is a complaint against a member of staff or volunteer, there may be three types of investigation:

- **Criminal** - In which case the police will be immediately involved.
- **Child Protection** - In which case the Social Services and possibly the police will be involved.
- **Disciplinary or Misconduct** - In which case Buzzers Academies will be involved.

### **How to respond to allegations of abuse against someone not working in the group –**

This may be a parent or carer, another child, school teacher, or anybody else.

When an allegation is received, the member of staff being told, must tell the company's Designated Safeguarding Lead (DSL) immediately, and give them a copy of the written 'Incident Report Form'. If this allegation has been received within a school setting, then the School Safeguarding Officer must also be informed. It is the responsibility of the company DSL to inform the Local Authority Social Care Team without delay if deemed appropriate. If the child/young person is believed to be in immediate danger, the Police must be called straight away.

Please refer to the section 'Reporting the Concern' below for more details.

## **How to respond to a child/young person telling you about abuse –**

When a child or young person reports directly to a Buzzers Academies member of staff, it is particularly important for the member of staff to respond appropriately. If a child or young person says or indicates that they are being abused, staff should:

- Stay calm so as not to frighten the child/young person.
- Reassure the child/young person that they are not to blame and that they are right to tell.
- Ensure the immediate safety of the child/young person.
- Take what the child/young person says seriously.
- Listen to the child/young person, showing that you are taking them seriously.
- Keep questions to a minimum so that there is a clear and accurate understanding of what has been said. The law is very strict and child abuse cases have been dismissed where it is felt that the child/young person has been led and ideas have been suggested when questioning. Only ask questions to clarify facts.
- Reassure the child/young person but do not make promises of confidentiality or outcome, which might not be feasible in the light of subsequent developments.
- Inform the child/young person that you must inform other people about what they have told you. Tell the child/young person this is to help stop the abuse continuing.
- Inform the parents/carers/guardians immediately, unless you have specific reason not to e.g. the child/young person has named the parent/carer/guardian as the abuser. If this is the case, then contact the 'Emergency Contacts' and the company Designated Safeguarding Lead (DSL). If they are unavailable, contact local Children's Services or the Police for guidance.
- The safety of the child/young person is paramount. If the child/young person needs urgent medical attention call an ambulance, inform the doctors of the concern, and ensure they are made aware that this is a child protection issue.
- Record all information on an 'Incident Report Form'.
- Report the incident to the company Designated Safeguarding Lead (DSL).

## **How information will be recorded –**

To ensure that information is as helpful as possible, a detailed record should always be made at the time of the disclosure/concern. In recording, you should confine yourself to the facts and distinguish what is your personal knowledge and what others have told you. Do not include your own opinions. All information should be stored confidentially. Recorded information should include the following:

- The child/young person's name, age, and date of birth.
- The child/young person's home address and telephone number (or parent/carer/guardian number).
- Whether or not the person making the report is expressing their concern or someone else's.
- The nature of the allegation, including dates, times, and any other relevant information.
- A description of any visible bruising or injury, including location, size etc. Also, any indirect signs, such as behavioral changes.
- Details of witnesses to the incident(s).
- Details of the child/young person's account (if it can be given), including what has happened and if/how any bruising/injuries occurred.
- Have the parents/carers/guardians been contacted? If so, what has been said?
- Has anyone else been consulted? If so, record details.
- Has anyone been alleged to be the abuser? Record details.

### **BUZZERS ACADEMIES LTD**

**e:** [info@buzzers.org.uk](mailto:info@buzzers.org.uk) **w:** [www.buzzersacademies.co.uk](http://www.buzzersacademies.co.uk)

**Ofsted Registration:** EY2781195 **Company number:** 15284435

**Registered address:** The Beechwood Centre, Unit 6, 40 Lower Gravel Road, Bromley, Kent, BR2 8GP

## **Reporting the concern –**

All suspicions and allegations MUST be reported appropriately. It is recognised that strong emotions can be aroused particularly in cases where sexual abuse is suspected or where there is misplaced loyalty to a colleague. It is important to understand these feelings but not allow them to interfere with your judgement about any action to take.

If the situation should arise within a school setting, the Buzzers Academies' member of staff MUST tell the School Safeguarding Officer, as well as the company Designated Safeguarding Lead (DSL). They will then decide together on a course of action, and who and what agencies should be told.

If the situation should arise during an independent Buzzers Academies activity, then the session leader should tell the company Designated Safeguarding Lead (DSL) as soon as possible. They will then make a judgement as to what agencies should be informed.

If it is felt that the child is in immediate danger, you must call 999 and request the Police. Buzzers Academies will refer all allegations and cases to the Local Authority Social Care Team. The parent/carer/guardian of the child/young person will be contacted as soon as possible following advice from the Social Services department and/or all other agencies involved. The company Managing Director should be notified to decide who will deal with any media inquiries and implement any immediate disciplinary proceedings if needed.

If applicable, the company Managing Manager should notify the relevant sport's governing body. If the company Designated Safeguarding Lead (DSL) is the subject of the suspicion/allegation, the report must be made to the Managing Director, or an appropriate member of Buzzers Academies senior management team, who will then refer the matter to the Local Authority Social Care Team.

## **Confidentiality policy –**

The legal principle is that the "*welfare of the child is paramount*". Privacy and confidentiality should be respected where possible but if doing this leaves a child/young person at risk of harm, then the child/young person's safety must come first. Remember, legally it is fine to share information if someone is worried about the safety of a child/young person. Not everyone needs to know when a concern or worry is raised. This respects the child/young person and their family, and/or Buzzers Academies staff's rights to privacy. Only people who need to know should be told about a child protection allegation or case, otherwise there might be gossip and rumours, or other (unconnected) people may become concerned. It is fine to say that a concern has been raised and it is being dealt with following our procedures.

## **It is not child protection, but I am still concerned –**

Sometimes concerns about a child/young person may not be about abuse. You may be concerned that a child/young person or family need some help in making sure all the child/young person's needs are met to address a particular problem. Examples of this might be where a child/young person is suffering because of poverty, getting into trouble in the community, or has a disability and needs extra help. In these instances, you can get them help by using the *Common Assessment Framework*. The *Common Assessment Framework (CAF)* is a way of working with children and young people which is being used all over England.

If a child or young person needs extra support for a particular need, a CAF form is filled in and an action plan is made to decide on the best way of supporting them. This could be support with learning, or something else, such as a social or emotional matter. The idea is that the child/young person and parents/carers/guardians have the chance to say what they would like to happen and to explain what is working well for them and where they would like support. If you have a non-child protection concern, the Local Authority Information Sharing Team will be able to guide you.

**Registered address:** The Beechwood Centre, Unit 6, 40 Lower Gravel Road, Bromley, Kent, BR2 8GP

## **Good practice –**

By promoting good practice, the occurrence of abuse of children/young people should be reduced and Buzzers Academies staff will be better protected, thus reducing the likelihood of allegations arising. All Buzzers Academies staff should adhere to the following principles and action:

- Always work in an open environment e.g. avoiding private or unobserved situations and encouraging open communication with no secrets.
- If in the scenario of a 1:1 (mentoring) situation, give some thought to the venue and environment where the session will take place. Avoid private, closed places; instead, meet in an open, transparent space.
- Make the experience of your session fun and enjoyable.
- Promote fairness, confront, and deal positively and pro-actively with bullying, harassment, or any other inappropriate behaviour.
- Treat all children/young people equally and with respect and dignity.
- Always put the welfare of the child/young person first.
- Maintain a safe and appropriate distance with children and young people e.g. it is not appropriate for staff or volunteers to have an intimate relationship with a child/young person.
- Avoid unnecessary physical contact with children/young people. Where any form of manual/physical support is required, it should be provided openly and with the consent of the child/young person. Physical contact can be appropriate so long as it is neither intrusive nor disturbing and the child/young person's consent has been given.
- In extreme cases where a child/young person is becoming a danger to either themselves, other children/young people, or staff, appropriate physical contact can be made to eliminate any risks or danger to all individuals involved; to be judged lawful, the force of restraint used must be in proportion to the consequences it is intended to prevent.
- Keep up to date with the technical skills, qualifications, and insurance in education, sport and childcare.
- Never transport a child/young person in a personal vehicle unless in an emergency. In this case, it is the Buzzers Academies staff's responsibility to contact the child/young person's parents/carers/guardians and the company Manager Director before they transport the child/young person. If this incident does occur, then the child/young person must travel in the back seat of the vehicle.
- Be an excellent role model; this includes not smoking or drinking alcohol in the company of children/young people.
- Always give enthusiastic and constructive feedback rather than negative criticism.
- Do not undertake any medical treatment on a child/young person, unless qualified to do so.
- Keep a written record of any injury that occurs, along with details of any treatment given. This should be written on a 'Minor Accident Form'.

## **Use of photographic/filming equipment by Buzzers Academies staff –**

There is evidence that sporting activities/events have been used as an opportunity to take inappropriate photographs or film footage of children/young and disabled sports people in vulnerable positions. Therefore, Buzzers Academies is committed to adhering to the appropriate guidelines detailed below.

### Recording images of children/young people

There are risks posed directly and indirectly to children/young people using photographs on websites and publications. Therefore, the following guidelines must be followed:

- All children/young people featured in photographs/recordings must be appropriately dressed for the activity they are undertaking.

### **BUZZERS ACADEMIES LTD**

**e:** [info@buzzers.org.uk](mailto:info@buzzers.org.uk) **w:** [www.buzzersacademies.co.uk](http://www.buzzersacademies.co.uk)

**Ofsted Registration:** EY2781195 **Company number:** 15284435

**Registered address:** The Beechwood Centre, Unit 6, 40 Lower Gravel Road, Bromley, Kent, BR2 8GP

- The photograph/recording should ideally focus on the activity. Where possible, images of children/young people should be recorded in small groups.
- Buzzers Academies staff will still be allowed to use video equipment as a legitimate coaching aid and means of recording special occasions with the written consent of parents/carers/guardians and the child/young person.
- Care should be taken in the dissemination and storage of the material.

#### Publishing images of children/young people

If a photograph/recording is used, personal details of the child/young person, such as email address, home address and telephone numbers, should never be revealed.

Parental/carer/guardian permission should always be received to take and use an image of their child. This ensures that parents/carers/guardians are aware of the way the image of their child represents the sport, activity, or Buzzers Academies as an organization.

A parent/carer/guardian 'photography permission' question is included within the Buzzers Academies online booking system (Class4Kids) and is accessible/visible to all staff at the specific session/club/camp.

In order to guard against the possibility of a child/young person under a court order appearing on a website, the simultaneous streaming of images onto a website is not recommended. Delayed streaming also provides an opportunity for the editing of inappropriate clips e.g. disarranged clothing.

#### **The use of photographic/filming equipment by the media –**

There is evidence that sporting activities/events have been used as an opportunity to take inappropriate photographs or film footage of children/young people. Therefore, the following guidelines will be followed by all Buzzers Academies staff:

- If professional photographers are commissioned or the press is invited to a sporting activity/event, or school club, or holiday camp, it is important to ensure they are clear about expectations of them in relation to the welfare of the children/young people.
- The photographer/camera person must have bona fide identification and be able to produce it on request.
- Participants and parents/carers/guardians must be informed that a photographer/camera person will attend a Buzzers Academies sporting activity/event, or school club, or holiday camp, and ensure that they give written consent to both the taking and publication of any subsequent films or photographs.
- Buzzers Academies will not allow unsupervised access to children/young people or one-to-one photo sessions, at any of their sporting activities/events, or school clubs, or holiday camps.
- Buzzers Academies will not approve/allow photography outside of the scheduled activity/event, Club or Camp operating times.
